- Languages: C++, HTML, ReactJs, MySQL
- Technical: Data Structures and Algorithms, DataBase Management System, Computer Networking, Object Oriented Programming, Operating System

PROFESSIONAL EXPERIENCE

- DeMons 01 May, 2022 - 31 Jul, 2022

Community Manager

Setting and implementing social media and communication campaigns to align with marketing strategies. Providing engaging text, image and video content for social media accounts. Responding to comments and customer queries in a timely manner.

- THE LNM INSTITUTE OF INFORMATION TECHNOLOGY Feb, 2023 - Present

Teaching Assistant, Data Structure And Algorithm Course

Responsible for conducting academic events, which includes evaluating, uploading teaching videos on online platform and grading students in DSA course.

PROJECTS

Sensus

- Constructed and deployed a real time application for stock market traders to predict the sentiment of the street from sensdex index. Using Adafruit.io the dashboard sends alert to the user whenever there is a change in sentiment. Set up CI pipeline using TravisCI for enforcing automation in building, testing and deployment.

Sorting Visualiser (React Js, HTML, CSS, Sorting)

- This React and JavaScript Application will assist you in visualizing sorting algorithms: Insertion Sort, Merge Sort, Bubble Sort, Quick Sort and Selection Sort. It highlights varying the pace of sorting and varying the length of the array, randomizing the array to experiment, visualizing these algorithms along with time and space complexity.

POSITIONS OF RESPONSIBILITY

- Plinth- The Tech Fest of LNMIIT, Feat Convened : Been the point of contact between the performing artists and had the responsibility of managing the events, artists and sponsorship.
- Vignette - The Art Club of LNMIIT : Led the club of 70+ students and had the responsibility of organizing and handling inter- college events.
